APPLIED META-PHYSICS, THE
SCIENCE OF BE-ING AND
KNOWING

LESSON: 12

The TIP of the PILE

Unless you've had the inclination, and made a concerted effort to invest large chunks of time for decades to research the sacred texts, whichever sect you believe in or think you belong to is just the TIP of the PILE.

The 'canon' of every school of thought, posing as 'religion' is carefully selected and interpreted on your behalf so that those who have exalted themselves and call themselves your 'leaders' are guaranteed of a captive audience, which will provide them with a healthy income and a labour free life.

This has *always* been the methodology of those who *exalt* themselves, who call themselves ‘kings and queens’, ‘popes and priests’, ‘Rabbi’s and Imams’, and also ‘politicians’.

This statement takes nothing away from those who are sincere, and who dedicate themselves to discovering the truth and **serv-*ing*** the people. The fact remains that sectarianism, the act of ‘belonging’ to one school of thought, instead of another, is the very situation Religion was created to eliminate forever.

There can be no division where Truth is the animating principle within us.

What some ‘leaders’ have done and continue to do, is stand in front of you, under the mental hypnosis of assumed authority, and keep telling you that “things

will get better”, “things are getting better”, “the messiah is coming soon”, “we live in the last days”, and *NEVER clarify anything*, and continue to say the same things in ambiguous ways, to keep people hooked.

And the people are hooked, because we have all been born into the Race Thought Atmosphere of our locale, and its energy has saturated our thinking bearing its fruit through us.

So, each generation has been born into the world with a set system, and this system IS “eating the fruit of the tree of the knowledge of good and evil”, and leads to death.

It is important to understand that those who ‘exalt’ and those who ‘submit’ are ALL submerged in the Race Thought Atmosphere, which sustains the ap-

pearance of division, sets each 'side' against the others, convinces everyone of the inevitability of 'death' and so the cycle repeats itself.

THE ONLY way out of this, is to drink the Living Water, which flows from within you, and which awakens the hu-man family from the sleep of death.

As long as people listen to these 'exalted leaders', just as long does the Satanic division and discord continue.

WHEN each goes within, and drinks the Living Water, the Spirit awakens the mind and introduces to it a *whole new element; that of the Living Spirit itself, which starts the transformation.*

This Living Spirit flows from the Higher (888) mind.

THE ORIGINAL PURPOSE of leaders, of Teachers and Parents and Priests, was to collate their experience on the earth plane, distil it, and use it to strengthen the following generation, so *their lives would be better*.

These teachers, elders, priests, rabbi's shamans, etc., were highly valued as *long as they did what they were supposed to do... dedicate their days to the study of the hidden side of life and make its principles known to the people*.

The pitfall here, is the corruption of the mind on this earthly plane, with its material values as the teachers and shamans, priests, rabbi's etc., are hypnotised by the Race Thought Atmosphere working through the people in their adoration, and worship of their 'leader'.

So, the priests, rabbi's etc., fall asleep, hypnotised by the same Race Thought Atmosphere everyone else is, and so can no more do the work they are supposed to do.

This applies to every form of 'worldly authority' in the world today. The corrupt nature has been seduced by the Race Thought Atmosphere, Satan has set up 'his' throne in the intellects of those exalted, and consequently this produces all the heinous crimes committed on the other members of the human family.

Meanwhile these 'leaders' still stand in front of everyone and proclaim their 'teaching' and *both those speaking and those listening go deeper and deeper into the sleep of death.*

To maintain their position, these

‘leaders’, study the hidden work and sacred texts which help create clarity on those the general public has access to, yet, because they too are in a measure of sleep, their motives debar them from comprehending *their deeper meta-physical meanings*.

There are many libraries of such material all over the world, every ‘synagogue’, every ‘church’ every ‘masonic temple’ (the catholic ‘mass’ and the mas(s)-ons used to share texts before the Satanic schism drove them apart), every mosque, every political institution and courthouse... **all have huge** collections of ‘intellectual property’ in the form of **books and scrolls, etc.**, without realising Satan set up his throne in the intellect of the human family eons ago.

So, while they study and use

what ‘knowledge’ these books contain, to sustain their positions in life, the words written on their pages are ‘dead’... this is a part of the analogy of ‘nailing Jesus to a tree’. The analogy is so simple, it has escaped the vast majority of people—where Jesus *IS THE WORD, and the PAPER is the TREE! All the dead words in the world cannot make one alive.*

In reference to this the Gospels have Jesus say:

*“Ye search the Scriptures; for in them ye think ye have eternal life: and they are they which testify of **me**”.*

“...OF ME!” And this refers to the First Word of the Decalogue, where we are taught that we ALL CALL OURSELVES **ME!**

What this means is we are to align ourselves with the LIVING WORD, which speaks to us, through us, from the blueprint of

our being; our own Higher God-SELF.

Of course, those asleep cannot recognise the I AM, simply because they are in a deep slumber, the result of having been immersed in the Race Thought Atmosphere from birth.

It does not matter how many books people read, and in this lesson I AM discussing the sustaining of the sleeping state through the use of written texts and hidden incomplete knowledge, and all such knowledge IS incomplete because when we write anything down, we are nailing the word to a tree, and ONLY as we learn it and it becomes a part of us, and we ***live by it, do we resurrect it from the dead!***

Countless thousands of people like you and I have committed

their experiences to paper, and lost their lives by doing so, so they could preserve the Wisdom and bear witness to the transforming power of the Living Spirit within.

So, in this world, be cognisant, that whatever sect you name yourself after, *it is a sect*. It may teach pockets of truth, and most do to get people to swallow the lies, yet it can never reveal the Living Truth of the Spirit of LIFE to you, **because that flows within you right now**, and no man gave it to you, and no man can take it away, and *only you can go within and increase its flow within you to clarify your mind and heal your body*.

Fortunately there are many people who, have evolved past and overcome the selfish motives of the Race Thought Atmosphere,

and have dedicated themselves to overcoming the lies, and to studying the ancient texts and clarifying the texts we do have unhindered access to in circulation—although there is an ongoing and constant attempt to corrupt these too.

The reality is that the purpose of a ‘leader’ is to overcome obstacles and teach others how to, and when those following do, the leader is made obsolete:

“Verily, verily, I say unto you, He that believeth on ME, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father”.

Here is a very powerful statement confirming the purpose of Jesus’ teaching, to restore Self-control to every person who follows the teaching and overcomes the materialistic seed-thoughts sown into their mind as they

were growing up.

This is not about going to a 'heaven' after we die. It is about becoming more and more powerful, trustworthy, inspired, happy, peaceful and joyful, in the here and now... and evolving in consciousness so that *none of the old degenerate thinking of the carnal (666) mind is active in consciousness. Having become transformed by the higher planes, purged and healed.*

As we live each day, and strive to comprehend, what everyone recognises deep down as a wonderful gift, we work hard to gain access to the hidden documents, and determine what they say about the human condition.

Learning and awakening are synonymous, when used in terms of Spiritual awakening... as we learn we awaken, as we awaken

we learn.

The progress we make, we either make gradually as we submit to the ‘teachers’, or, we accept responsibility and go within, direct to the operating centre within us, to the “heart of the matter” where all our questions are answered.

Answers may come to us intuitively, or the intuition may guide up to a book or person or experience... this is the process of life.

ONE thing we can be sure of, and that is, that wherever we are, whatever we are doing, we are in the perfect place, experiencing the perfect lesson, specifically designed to awaken us, teach us, more and more about the infinite potential of our own Higher Self.

ALL AROUND us is this Garden of Being, a projection of EVERYTHING we are. Our task is to

stop, look, observe, think about what we observe, discuss it, reason over it, learn from it, heal ourselves and in proving the Truth for ourselves, assist others to see it and prove it for themselves too.

EVERY school of thought has some truth, yet, do not identify yourself with the school of thought, the sect, the 'religion'... remember 'RELIGION is the *defragmentation* of the mind, producing individual peace, the foundation for social harmony.

True RELIGION, leads us to TRUTH not to sectarianism and the maze of opinions and intellectual interpretations, which have been collated and presented to us as '*the truth*' which each 'religion' claims to have exclusive copyright on!

THIS is the absurdity, and, the

insanity, which has formed this present world system, which is rapidly dying, and being replaced with a whole New World, the beauty of which words do not yet exist to describe it.

OUR part, is to go within every day, ask the Spirit which direction to take, then take the steps we are inspired to take, trusting the Spirit wholeheartedly, as we would trust the very best friend we'd ever had, who had never let us down.

The Spirit will never let us down. We may not have listened closely enough and suffered because of that, or we may have trusted those who deceive us, yet, that is all in the past.

Within us, the Spirit of Truth is speaking louder and louder each day to receptive hearts and minds, with the purpose of lead-

ing each person to realise their communion with God.

When we merge with that Living Spirit within us, we no longer read the sacred texts in the same way, we see through the deception we have all inherited and are able to live according to a new and higher standard, which serves individuals and communities.

The New World comes through us, it is not foisted on us. Let us bear this in mind, and do the necessary work every day to see through the ‘truth’ presented to us, yet is only the “tip of the pile”.

Let us remain centred, seek the Living Water within, and live by its inspiration, and gain more and more SELF-control, every day.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
